1. The information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use.
2. The information is the subject of efforts to maintain its secrecy that are reasonable under the circumstances.

The City cannot ensure that information will not be subject to release if a request is made under applicable public records laws. The City cannot consider the following confidential: a bid in its entirety, price information, or the entire contents of any resulting contract. To the extent permitted by such laws, it is the intention of the City to withhold the contents of Bids from public view—until such times as competitive or bargaining reasons no longer require non-disclosure, in the City’s opinion. No plea of ignorance concerning conditions or difficulties that exist or may hereafter arise in the execution of the work under the resulting contract, as a consequence of failure to make necessary examinations and investigations, shall be accepted as an excuse for any failure or omission on the part of the Bidders to fulfill the requirements of the resulting contract.

2 DESCRIPTION OF SERVICES/COMMODITIES

2.1 Background

Section 10.28(1) of the Madison General Ordinance requires the owner of each lot to remove all snow and ice from the public sidewalk abutting their premises no later than 12:00 noon of the day after the snow or ice has accumulated on the sidewalk, regardless of the source of accumulation. The owners of properties abutting intersecting streets must remove all snow from the public sidewalks of both streets including that portion of the sidewalk that borders the crosswalk including the curb ramp.

When ice has formed upon the sidewalk, the owner must keep the sidewalk sprinkled with sand or other suitable substance to prevent the ice from being dangerous until such time that it can be removed and then it must be promptly removed.

Section 10.28(2) of the Madison General Ordinances requires the Department of Planning and Community and Economic Development to have the snow and ice removed from the sidewalks abutting a property if the owner has failed to do so. Any costs incurred to clear the walk(s) are charged against the property and entered in the tax roll as a special tax against the lot or parcel of land.

When City inspectors witness a violation, they will issue a citation and authorize the shoveling of the sidewalk by the Contractor (i.e. awarded bidder that has executed a contract with the City). The inspector will, if it is safe, leave a hang tag on the door warning the occupant that the City will have the walk cleared if it is not cleared by 8:00 AM of the following morning. Building Inspection will then notify the contractor to check the site on the following day and shovel if necessary. The check may be delayed to a later day determined by City staff if additional snow accumulation occurs prior to the requested removal.

During the winter of 2020 – 2021, Building Inspection issued over 550 citations. Citations were issued on 40 separate days. On 25 of those days, more than 10 citations were issued. Averages of 20 citations were issued on those 25 days (28 citations were issued on two of those days). The season snowfall was 45.3 inches.

During the winter of 2022 – 2023, Building Inspection issued over 580 citations. Citations were issued on 29 separate days. On 16 of those days, more than 10 citations were issued. Averages of 34 citations were issued on those 16 days (60 citations were issued on one of those days). The season snowfall was 71.8 inches.

2.2 Examples

#1: If it is snowing on Monday and the snow stops at 11:59 PM on Monday, owners are required to have their walk cleared by Tuesday at 12:00 noon. Inspectors would start their inspections after 12:00 noon on Tuesday. If they find a violation, they would notify the contractor no later than 4:30 PM on Tuesday. The contractor must then clear the walk on Wednesday.

#2: If it is snowing on Monday and the snow stops at 12:01 AM on Tuesday, owners are required to have their walk cleared by Wednesday at 12:00 noon. Inspectors would start their inspections after 12:00 noon on Wednesday. If they find a violation, they would notify the contractor no later than 4:30 PM on Wednesday. The contractor must then clear the walk on Thursday.

Building Inspection is seeking a contractor to perform the snow removal work. The clearing of snow on driveways and private walks is not covered by this RFP.

2.3 Documentation

The contractor must take digital before and after photos of the condition of the sidewalk(s) abutting the subject property including the walk that borders a crosswalk or the curb ramp (if any). Pictures must be taken from a vantage point that adequately shows the condition of the walk. If one picture cannot capture

the entire walk; additional pictures must be taken. Before and after photos shall be taken from the same vantage point.

Photos taken shall include the following information:

- Photos shall be time and date stamped.
- Photos must be taken at a minimum resolution of 640x480 pixels.
- The photo must include the address of the location of the image; acceptable methods include the address of the location written on a dry marker board and the board held out at arm's length to be included in the photo of the sidewalk. The dry marker board can be replaced by digital words.
- Care shall be taken to ensure both the sidewalk and dry marker board both are clearly in focus.
- The digital picture files shall be clearly labeled with the address of the property and before and after work completed.

Initial before site photos shall be taken immediately upon arrival and prior to an equipment unloading or work commencing, after photos shall be taken just prior to the site departure and after completion of any required work including any site cleanup or loading of equipment. The photo shall include both the sidewalk and the marker board (or digital words instead) indicating the address. Pictures must be submitted to Building Inspection no later than two business days after they are taken.

If contractor has to clear/sand the walk, the contractor must take a second set of picture(s) from the same vantage point(s) as the original pictures to document the completion of the work. These pictures must also be adequately labeled. The contractor must keep an accurate record of the time it takes to complete the job and all related costs (e.g. costs per hour for worker/supervisor, material costs equipment costs etc.)

Please note: The contractor will not be paid for work that is not adequately documented by photos.

2.4 Scope of Work

Upon arrival at the site, the contractor must document the conditions of the sidewalk(s) as outlined in section 2.3.

If the walk has been cleared and/or properly sanded or salted by the owner, the contractor will send documentation to the Building Inspection Division and take no further action at the site.

Acceptable conditions will be discussed with the contractor who is awarded the contract.

If the walk has not been cleared or adequately sanded and/or salted by the owner, the contractor shall remove all snow from the entire width of the public sidewalk (s) adjoining the subject premises including that portion of the walk that borders the crosswalk including the curb ramp as directed by Building Inspection. Sidewalks not cleared to the full width by the property owner shall be documented by laying a board with predetermined distance markings across the sidewalk depicting the width actually cleared by the property owner and then cleared to the full width by the contractor.

All packed snow, loose snow, and ice must be removed down to the concrete the full width of the sidewalk. If there is ice that cannot be removed, the walk shall first be liberally sprinkled with sand / salt mixture to keep the walk safe. The sand / salt mixture shall be approximate 10 lb to 1 lb ratio of sand and salt.

The contractor shall obtain a Winter Salt Certification with the City of Madison. The certification lasts 5 years.

The contractor will not be paid for work that is not adequately documented by pictures as outlined in section 2.3.

The contractor shall include in their quote all labor, equipment, and materials to effectively and efficiently remove snow and loose ice from the sidewalks and to apply sand and salt when necessary, and to provide the required documentation.

2.5 Timing

The Contractor shall remove all snow and ice from the walk and/or adequately apply sand / salt mixture to the sidewalk on the day after notification by the City. The sand / salt mixture shall be approximate 10 lb to 1 lb ratio of sand and salt. This includes clearing of sidewalks on Saturdays for lists provided on Friday. Notification will occur no later than 4:30 PM on the day that the violation is observed. Snow removal at any property shall not be started before 8:00 AM on the following day. It is expected that the contractor have adequate staff and equipment to process forty (40) sites per day. (This number is subject to change based on mutual experience in the field.) Additional time may be granted if there are unusual conditions or a large number of referrals.

2.6 Equipment

The contractor must supply all shovels, ice scrapers, and other materials necessary to adequately clear the sidewalk. The contractor shall have a skid steer /Bobcat or other suitable equipment capable of removing several inches of hard packed snow from long distances of the sidewalk. The contractor shall have all required equipment necessary to remove snow / ice in a reasonable amount of time and to appropriately document work completed including a digital camera / electronic device.

2.7 Communication

The contractor must establish, maintain, and monitor an e-mail account, for the purpose of sending & receiving communication. By 4:30 PM each day, Building Inspection will email the contractor a list of sites that need to be visited and/or cleared on the next day. Notification will include a brief description of the conditions of the walk(s).

Building Inspection will also maintain and monitor an e-mail account for purposes of communication with the contractor. Currently that account is: "binspection@cityofmadison.com".

Building Inspection has a SharePoint site where contractor can download the pictures taken on any given day. As an alternative, the contractor may have to send multiple emails to transmit all the pictures taken on any given day (some email providers limit the size of email transmissions) or the contractor may choose to deliver to the Building Inspection office (within two business days) digital media (mutually agreed upon SD memory card, USB flash memory or equivalent) containing the pictures.

2.8 Invoicing

Invoices shall include exact details of services provided to include but not be limited to the property address, time of arrival, time of departure, minimum charge per address plus any specific services and corresponding charges over the minimum, if any. Invoices shall also include the amount of materials (e.g. salt) used, and the total cost that includes evidence of cost paid by the contractor plus the corresponding markup to the City.

2.9 Contractor Damages

The Contractor shall be solely and wholly financially liable for all damage to curbing, sidewalks, mailboxes, etc. if reported and determined by the City as being caused by the Contractor.

The contractor must take care not to damage the grass on the terrace or the private property adjoining the sidewalk . The contractor shall not deposit any snow into the street or across the street. Damage to the terrace or private property caused as a result of the contractor's work shall be repaired when the weather permits at the cost of the contractor.

CITY OF MADISON

1. **General.** Throughout this document, "City of Madison," "City" and "Purchasing" shall be synonymous and mean the City of Madison. The words "bid" and "proposal" are synonymous, as are the words "bidder," "proposer" and "contractor." The phrases "request for proposal," "invitation for bids," "request," "invitation," and "solicitation" shall also be synonymous.
As applied to the winning or selected bidder, the words "bid," "proposal," and "contract" are synonymous.
 2. **Entire Agreement, Order of Precedence.** These standard terms and conditions shall apply to any Purchase Order issued as a result of this Request for Bid/Proposal, except where expressly stated otherwise in the RFP or in a written instrument covering this purchase signed by an authorized representative of the City and the Contractor, in a form approved by the City Attorney (a "Separate Contract"). If such a separate contract is executed it shall constitute the entire agreement and no other terms and conditions, whether oral or written, shall be effective or binding unless expressly agreed to in writing by the City.
If a Separate Contract is not executed, these Standard Terms and Conditions, the City's request for proposals, the version of the vendor's bid that was accepted by the City, and the City's Purchase Order (if any) shall constitute a contract and will be the entire agreement.
Order of Precedence: If there is a conflict between this Section A and any terms in the vendor's accepted bid or proposal, this Section A shall control unless the parties expressly agree to another order of precedence, in writing. If there is a conflict between this Section A and a Separate Contract, the terms and conditions of the Separate Contract shall control.
- I. TERMS FOR SUBMISSION OF BIDS: The following section applies to the bid/selection process only.**
3. This invitation for bids does not commit the City to award a contract, pay any costs incurred in preparation of bids, or to procure or contract for services or equipment. The City may require the bidder to participate in negotiation and to submit such additional price or technical or other revisions to his or her bids as may result from negotiation. The bidder shall be responsible for all costs incurred as part of his or her participation in the pre-award process.
The City reserves the right to accept or reject any or all bids submitted, in whole or in part, and to waive any informalities or technicalities which at the City's discretion are determined to be in the best interests of the City. Further, the City makes no representations that a contract will be awarded to any offeror responding to this request. The City expressly reserves the right to reject any and all bids responding to this invitation without indicating any reasons for such rejections(s).
The City reserves the right to postpone due dates and openings for its own convenience and to withdraw this solicitation at any time without prior notice.
 4. **Addenda.** Changes affecting the specifications will be made by addenda. Changes may include, or result in, a postponement in the bid due date. Bidders are required to complete the Bidder Response Sheet, acknowledging receipt of all parts of the bid, including all addenda.
 5. **Price Proposal.** All bidders are required to identify the proposed manufacturer and model, and to indicate the proposed delivery time on the attached Proposal Form. Failure to do so may cause the bid to be considered not responsive. If desired, the bidder may include product literature and specifications. The price quoted will remain firm throughout each contract period. Any price increase proposed shall be submitted sixty (60) calendar days prior to subsequent contract periods and shall be limited to fully documented cost increases to the bidder which are demonstrated to be industry-wide.
 6. **Price Inclusion.** The price quoted in any bid shall include all items of labor, materials, tools, equipment, and other costs necessary to fully complete the furnishing and delivery of equipment or services pursuant to the specifications attached thereof. Any items omitted from the specifications which are clearly necessary for the completion of the project shall be considered a portion of the specifications although not directly specified or called for in these specifications.
 7. **Pricing and Discount.**
 - a. Unit prices shown on the bid/proposal or contract shall be the price per unit of sale (e.g., gal., cs., doz., ea., etc.) as stated on the bid/proposal or contract. For any given item, the quantity multiplied by the unit price shall establish the extended price. If an apparent mistake exists in the extended price, the unit price shall govern in the bid/proposal evaluation and contract administration.
 - b. In determination of award, discounts for early payment will only be considered when all other conditions are equal. Early payment is defined as payment within fifteen (15) days providing the discount terms are deemed favorable. All payment terms must allow the option of Net 30.
 8. **F.O.B. Destination Freight Prepaid.** Bid prices must include all handling, transportation and insurance charges. Failure to bid FOB Destination Freight Prepaid may disqualify your bid.
 9. **Award.**
 - a. The City will have sole discretion as to the methodology used in making the award. Where none is specified, the award will be made to the lowest responsible bidder in compliance with the specifications and requirements of this solicitation.
 - b. The right is reserved to make a separate award of each item, group of items or all items, and to make an award in whole or in part, whichever is deemed in the best interest of the City.
 10. **Responsiveness and Responsibility.** Award will be made to the responsible and responsive bidder whose bid is most advantageous to the City with price and other factors considered. For the purposes of this project, responsiveness is defined as the bidder's conformance to the requirements of the solicitation. Being not responsive includes the failure to furnish information requested.
Responsibility is defined as the bidder's potential ability to perform successfully under the terms of the proposed contract. Briefly, a responsible bidder has adequate financial resources or the ability to obtain said resources; can comply with required delivery taking into

account other business commitments; has a satisfactory performance record; has a satisfactory record of integrity and business ethics; and has the necessary organization, experience and technical skills.

The City reserves the right to refuse to accept any bid from any person, firm or corporation that is in arrears or is in default to the City, or has failed to perform faithfully any previous contract with the City. If requested, the bidder must present within five (5) working days evidence satisfactory to the City of performance ability and possession of necessary facilities, financial resources, adequate insurance, and any other resources required to determine the bidder's ability to comply with the terms of this solicitation document.

11. Cancellation.

- a. The City reserves the right to cancel this bid, in whole or in part, at any time for any reason. The City may, in its sole discretion and without any reason, cancel or terminate any contract or purchase order awarded as a result of this bid, in whole or in part, without penalty, by providing ten (10) days written notice thereof to the contractor.
- a. In the event the Bidder shall default in any of the covenants, agreements, commitments, or conditions and any such default shall continue unremedied for a period of ten (10) days after written notice to the Bidder, the City may, at its option and in addition to all other rights and remedies which it may have, terminate the Agreement and all rights of the Bidder under the Agreement.
- b. Failure to maintain the required certificates of insurance, permits, licenses and bonds will be cause for contract termination. If the Bidder fails to maintain and keep in force the insurance, if required, the City shall have the right to cancel and terminate the contract without notice.

II. CONDITIONS OF PURCHASE: The following section applies to purchases/contracts after the award. See Paragraphs 1 & 2 for applicability and order of precedence.

- b. When specific manufacturer and model numbers are used, they are to establish a design, type, construction, quality, functional capability and/or performance level desired. When alternates are bid/proposed, they must be identified by manufacturer, stock number, and the bidder/proposer is responsible for providing sufficient information to establish equivalency. The City shall be the sole judge of equivalency. Bidders are cautioned to avoid bidding alternates which do not meet specifications, which may result in rejection of their bid/proposal.

13. Regulatory Compliance.

- a. Seller represents and warrants that the goods or services furnished hereunder, including all labels, packages, and container for said goods, comply with all applicable standards, rules and regulations in effect under the requirements of all Federal, State and local laws, rules and regulations as applicable, including the Occupational Safety and Health Act (OSHA), as amended, with respect to design, manufacture or use for their intended purpose of said goods or services.
