CoJ shall consider the following categories of protests within the time period set forth in each category:

- A. **Protests regarding solicitation process:**

Any protest alleging improprieties in the solicitation process or in solicitation documents must be filed no later than ten (10) days after the publication of the IFB in order to be considered by CoJ. Any protest based on such grounds filed after that date shall not be considered by CoJ.

B. Protests regarding bid evaluation or contract award:

Any protest regarding the evaluation of bids by CoJ, or improprieties involving the approval or award or proposed approval or award of the contract, must be filed with CoJ no later than ten (10) days after the grounds for protest should have reasonably been known to the protestor, but in no event later than five (5) days after the contract has been awarded by CoJ. Any protest filed after such date which raises issues regarding the bid evaluation or the contract approval or award will not be considered by CoJ.

- A. CoJ shall notify the protestor of timely receipt of a protest whether the protest is being considered.
- B. Upon receipt of the protest the protest reviewer shall notify all parties involved in the procurement.
- C. In the notification, CoJ will inform the protestor of any additional information required for evaluation of the protest and set a time deadline for submittal of such information. If CoJ requests additional information and it is not submitted by the stated deadline, CoJ may either review the protest on the information before it, or decline to take further action on the protest.
- D. At its discretion, CoJ may permit any party involved in the protest to submit information to CoJ regarding the merits of the protest. CoJ shall set a time deadline for the submittal of such comments, which shall be no less than five (5) days after notification of the protest.
- E. CoJ may, in its sole discretion, hold an informal conference to review the merits of the issues raised by the protest. All interested parties will be invited to participate in the conference. Any information provided at the conference shall only be considered by CoJ in deciding the protest if it is submitted to CoJ in writing within three (3) days after the conference.

Effects of Protest on Procurement Action

A. Protests regarding solicitation documents or process:

Upon receipt of a timely protest regarding the solicitation process or the solicitation documents, CoJ may postpone the opening of the proposals until resolution of the protest. The filing of the protest will not, however, change the date on which proposals are due, unless CoJ determines, and so notifies all proposers, that such a date change is necessary and appropriate to carry out the goals of the procurement.

B. Protests regarding proposal evaluation or contract award:

Upon receipt of a timely protest regarding evaluation of proposals or the award of the contract, CoJ may suspend contract approval or other pending action, or issue a

stop work order if appropriate, until the resolution of the protest. In this event, the successful proposer may not recover costs resulting from any delay through a change order.

Ability to proceed

Notwithstanding the pendency of a protest, CoJ reserves the right to proceed with the appropriate step or action in the procurement process or in the implementation of the contract in the following cases:

- a) Where the service to be procured is urgently required;
- b) Where CoJ determines, in writing, the protest is vexatious or frivolous;
- c) Where delivery or performance will be unduly delayed or other undue harm to CoJ will occur by failure to make the award promptly; or
- d) Where CoJ determines that proceeding with the procurement is otherwise in the best interest of the public.

Summary Dismissal

CoJ also reserves the right to summarily dismiss all or any portion of a protest that raises legal or factual arguments or allegations that have been considered and adjudicated by CoJ in a previous protest in the same solicitation or procurement action.

Protest Decision

- A. After review of a protest is submitted, including information provided by the protestor and other parties, the results of any conferences with the protestor and CoJ's own investigation and analysis, the protest reviewer shall issue a written decision on the protest.
- B. Within ten (10) working days of receipt of protest the protest reviewer will render and publish a decision or extend the response period if additional time is required to gather and evaluate information necessary for the decision or for other good cause.
- C. If the protest is upheld, CoJ will take appropriate action to correct the procurement process and protect the rights of the protestor, including re-solicitation of proposals, revised evaluation of proposals, CoJ's determinations, or termination of the Contract.
- D. If the protest is denied, CoJ will lift any suspension imposed and proceed with the appropriate stage of the procurement process or the contract.

Appeals

A protestor adversely affected by the decision of CoJ may submit a protest to the FTA for review in accordance with FTA Circular 4220.1F, paragraph 7.I. As stated in that Circular, FTA will only review protests regarding the alleged failure of CoJ to have written protest procedures, alleged failure to follow such procedures, or alleged failure to review a complaint or protest. CoJ may proceed with the procurement in spite of a pending protest at the FTA if any of the following conditions are met:

- a) The service or item to be procured is urgently required.

- b) The delivery or performance will be unduly delayed by failure to make the award promptly.
- c) The failure to make prompt award will otherwise cause undue harm to CoJ or the Federal Government.

- E. All subcontracts will incorporate in full all appropriate conditions and terms as set forth herein.

Self-insurance or the use of deductibles or self-insured retentions shall not be considered as complying with these requirements unless approved in writing by CoJ.

- e. The successful bidder shall obtain and make available for inspection by CoJ upon request certificates of Insurance evidencing insurance coverage carried by such subcontractors.

- B. CoJ will notify the successful bidder of any claims reported directly to CoJ within seventy-two (72) hours of receipt of the claim.

Waiver of Terms and Conditions

The failure of CoJ or the successful bidder to enforce one or more of the terms or conditions of the contract or to exercise any of its rights or privileges, or the waiver by CoJ of any breach of such terms or conditions, shall not be construed as thereafter waiving any such terms, conditions, rights, or privileges, and the same shall continue and remain in force and effect as if no waiver had occurred.

Interpretation, Jurisdiction, and Venue

All contractual agreements shall be subject to, governed by, and construed and interpreted solely according to the laws of the State of Wisconsin. The successful bidder hereby consents

- B. CoJ may utilize such replacement services as a substitute for all or any part of the successful bidder's services, and may maintain such replacement services in effect until the successful bidder is able to resume performance in full compliance with the contract.
- C. Prior to implementing replacement service, CoJ shall notify the successful bidder in writing and provide the successful bidder three (3) days in which to cure its noncompliance.
- D. If CoJ utilizes replacement services under this Section, the successful bidder shall be liable to CoJ for the actual, reasonable amount by which the cost of such services exceeds the amount that would have been payable under the contract for comparable services, including any expenses incurred by CoJ in soliciting and obtaining those services.
- E. Any action taken by CoJ pursuant to this section in response to the successful bidder's failure to perform shall not preclude CoJ from subsequently finding the successful bidder in default of the contract.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

49 CFR Part 26

Applicability to Contracts: The Disadvantaged Business Enterprise (DBE) program provides guidance to grantees on the use of overall and contract goals, requirement to include DBE provisions in subcontracts, evaluating DBE participation where specific contract goals have been set, reporting requirements, and replacement of DBE subcontractors. Additionally, the DBE program dictates payment terms and conditions (including limitations on retainage) applicable to all subcontractors regardless of whether they are DBE firms or not.

The DBE program applies to all U.S. DOT- assisted contracting activities. A formal clause such as that below **must** be included in all contracts and subcontracts above the micro-purchase level (\$10,000 except for construction contracts over \$2,000).

Clause Language

Each contract the Janesville Transit System signs with a contractor (and each subcontract the prime contractor signs with a subcontractor) must include the following Federal Clause language:

- a. This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, *Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*. The national goal for participation of Disadvantaged Business Enterprises (DBE) is 10%. The agency's goal is 1.2%. A separate contract specific goal has not been established for this procurement.
- b. The Janesville Transit System, contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this U.S. DOT-assisted contract. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Janesville Transit System deems appropriate, which may include, but is not limited to:

- i. Withholding monthly progress payments
 - ii. Assessing sanctions
 - iii. Liquidated damages, and/or
 - iv. Disqualifying the contractor from future bidding as non-responsible.
- c. The contractor shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless the contractor obtains written consent from the Janesville Transit System.
- d. The contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the DBEs as listed in its written documentation of its commitment to the Janesville Transit System.
- e. The contractor is required to pay subcontractors for satisfactory performance of their contracts no later than 10 calendar days from receipt of each payment the Janesville Transit System makes to the contractor. The contractor may withhold payment to a subcontractor if, within 10 calendar days of receipt of that progress payment, the contractor provides written notification to the subcontractor and the Janesville Transit System documenting "just cause" for withholding payment. The contractor is not allowed to withhold retainage from payments due subcontractors.
- f. The contractor will be required to report its DBE participation obtained throughout the period of performance.
- g. The contractor shall not terminate a DBE subcontractor listed in its written documentation of its commitment to the Janesville Transit System to use a DBE subcontractor (or an approved substitute DBE firm) without the Janesville Transit System prior written consent per 49 CFR Part 26.53(f). This includes, but is not limited to, instances in which a prime contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.
- h. The contractor must promptly notify the Janesville Transit System whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work. The contractor must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work under contract as the DBE that was terminated, to the extent needed to meet the contract goal established for the procurement. The good faith efforts shall be documented by the contractor.
- i. The contractor may provide written consent only if the Janesville Transit System agrees, for reasons stated in the concurrence document, that it has good cause to terminate the DBE Firm. For purposes of this paragraph, good cause includes the following circumstances:
 - i. The listed DBE subcontractor fails or refuses to execute a written contract.

- ii. The listed DBE subcontractor fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided, however, that good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the prime contractor.
 - iii. The listed DBE subcontractor fails or refuses to meet the prime contractor's reasonable, nondiscriminatory bond requirements.
 - iv. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness;
 - v. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant 2 CFR Parts 180, 215 and 1,200 or applicable state law;
 - vi. The Janesville Transit System determined that the listed DBE subcontractor is not a responsible contractor;
 - vii. The listed DBE subcontractor voluntarily withdraws from the project and provides to you written notice of its withdrawal;
 - viii. The listed DBE is ineligible to receive DBE credit for the type of work required;
 - ix. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
 - x. Other documented good cause that compels the termination of the DBE subcontractor. Provided, that good cause does not exist if the prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the prime contractor can self-perform the work for which the DBE contractor was engaged or so that the prime contractor can substitute another DBE or non-DBE contractor after contract award.
- j. Before transmitting to the Janesville Transit System its request to terminate and/or substitute a DBE subcontractor, the prime contractor must give notice in writing to the DBE subcontractor, with a copy to the Janesville Transit System, of its intent to request to terminate and/or substitute, and the reason for the request.

TERMINATION

49 U.S.C. Part 18

FTA Circular 4220.1F

Applicability to Contracts

All contracts (with the exception of contracts with nonprofit organizations and institutions of higher education,) in excess of \$10,000 shall contain suitable provisions for termination by the grantee including the manner by which it will be effected and the basis for settlement. (For contracts with nonprofit organizations and institutions of higher education the threshold is \$100,000.) In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

a. Termination for Convenience (General Provision) The City of Janesville may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to the City of Janesville to be paid to the Contractor. If the Contractor has any property in its possession belonging to the City of Janesville, the Contractor will account for the same, and dispose of it in the manner the City of Janesville directs.

b. Termination for Default [Breach or Cause] (General Provision) If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the City of Janesville may terminate this contract for default. Termination shall be effected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the City of Janesville that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the City of Janesville, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision) The City of Janesville in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect.

In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If the Contractor fails to remedy to the City of Janesville 's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by

Contractor of written notice from the City of Janesville setting forth the nature of said breach or default, the City of Janesville shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude The City of Janesville from also pursuing all available remedies against Contractor and its sureties for said breach or default.

d. Waiver of Remedies for any Breach In the event that the City of Janesville elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by the City of Janesville shall not limit the City of Janesville's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

e. Termination for Default (Supplies and Service) If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, the City of Janesville may terminate this contract for default. the City of Janesville shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. GOVERNMENT-WIDE DEBARMENT AND SUSPENSION

49 CFR Part 29

Executive Order 12549

Background and Applicability

In conjunction with the Office of Management and Budget and other affected Federal agencies, DOT published an update to 49 CFR Part 29 on November 26, 2003. This government-wide regulation implements Executive Order 12549, *Debarment and Suspension*, Executive Order 12689, *Debarment and Suspension*, and 31 U.S.C. 6101 note (Section 2455, Public Law 103-355, 108 Stat. 3327).

The provisions of Part 29 apply to all grantee contracts and subcontracts at any level expected to equal or exceed \$25,000 as well as any contract or subcontract (at any level) for Federally required auditing services. 49 CFR 29. 220(b). This represents a change from prior practice in that the dollar threshold for application of these rules has been lowered from \$100,000 to \$25,000. These are contracts and subcontracts referred to in the regulation as “covered transactions.”

Grantees, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) they propose to contract or subcontract with is not excluded or disqualified. They do this by (a) Checking the Excluded Parties List System, (b) Collecting a certification from that person, or (c) Adding a

clause or condition to the contract or subcontract. This represents a change from prior practice in that certification is still acceptable but is no longer required. 49 CFR 29.300.

Grantees, contractors, and subcontractors who enter into covered transactions also must require the entities they contract with to comply with 49 CFR 29, subpart C and include this requirement in their own subsequent covered transactions (i.e., the requirement flows down to subcontracts at all levels).

Suspension and Debarment - This contract is a covered transaction for purposes of 49 CFR Part 29. As such, the contractor is required to verify that none of the contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940 and 29.945.

The contractor is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into.

In accordance with terms of U.S. DOT regulations, I do hereby certify on behalf of the contractor and its principals, to the best of my knowledge and belief, that:

- a. Are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded or disqualified from covered transactions by any Federal department or agency;
- b. Have not within a three-year period preceding Janesville Transit's IFB have been convicted of a or had a civil judgment rendered against me for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction, or contract under a public transaction; violation of any Federal or State antitrust statute; or commission embezzlement, theft, forgery, bribery, falsification or destruction of records, making an false statement, or receiving stolen property;
- c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses listed in paragraph b. of this certification;
- d. Have not within a three-year period preceding this certification had one or more public transactions (Federal, State or local) terminated for cause or default; and
- e. If I become aware of any information contradicting the statements of paragraphs a. through d. above, I will promptly provide any necessary information to the Wisconsin Department of Transportation.

ENERGY CONSERVATION REQUIREMENTS

42 U.S.C. 6321 et seq., 49 CFR Part 18

Energy Conservation - The contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

RECYCLED PRODUCTS

42 U.S.C. 6962

40 CFR Part 247

Executive Order 12873

Applicability to Contracts: The Recycled Products requirements apply to all contracts for items designated by the EPA, when the purchaser or contractor procures \$10,000 or more of one of these items during the fiscal year, or has procured \$10,000 or more of such items in the previous fiscal year, using Federal funds. New requirements for "recovered materials" will become effective May 1, 1996. These new regulations apply to all procurement actions involving items designated by the EPA, where the procuring agency purchases \$10,000 or more of one of these items in a fiscal year, or when the cost of such items purchased during the previous fiscal year was \$10,000.

Recovered Materials - The contractor agrees to comply with all the requirements of Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C. 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.

FORM D: DEBARMENT AND SUSPENSION CERTIFICATION (NONPROCUREMENT)

49 CFR Part 29

Executive Order 12549

Background and Applicability

In conjunction with the Office of Management and Budget and other affected Federal agencies, DOT published an update to 49 CFR Part 29 on November 26, 2003. This government-wide regulation implements Executive Order 12549, *Debarment and Suspension*, Executive Order 12689, *Debarment and Suspension*, and 31 U.S.C. 6101 note (Section 2455, Public Law 103-355, 108 Stat. 3327).

The provisions of Part 29 apply to all grantee contracts and subcontracts at any level expected to equal or exceed \$25,000 as well as any contract or subcontract (at any level) for Federally required auditing services. 49 CFR 29. 220(b). This represents a change from prior practice in that the dollar threshold for application of these rules has been lowered from \$100,000 to \$25,000. These are contracts and subcontracts referred to in the regulation as “covered transactions.”

Grantees, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) they propose to contract or subcontract with is not excluded or disqualified. They do this by (a) Checking the Excluded Parties List System, (b) Collecting a certification from that person, or (c) Adding a clause or condition to the contract or subcontract. This represents a change from prior practice in that certification is still acceptable but is no longer required. 49 CFR 29.300.

Grantees, contractors, and subcontractors who enter into covered transactions also must require the entities they contract with to comply with 49 CFR 29, subpart C and include this requirement in their own subsequent covered transactions (i.e., the requirement flows down to subcontracts at all levels).

Suspension and Debarment - This contract is a covered transaction for purposes of 49 CFR Part 29. As such, the contractor is required to verify that none of the contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940 and 29.945.

The contractor is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into.

In accordance with terms of U.S. DOT regulations, I do hereby certify on behalf of the contractor and its principals, to the best of my knowledge and belief, that:

- a) Are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded or disqualified from covered transactions by any Federal department or agency;
- b) Have not within a three-year period preceding this City of Janesville IFB have been

convicted of a or had a civil judgment rendered against me for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction, or contract under a public transaction; violation of any Federal or State antitrust statute; or commission embezzlement, theft, forgery, bribery, falsification or destruction of records, making an false statement, or receiving stolen property;

- c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses listed in paragraph b. of this certification;
- d) Have not within a three-year period preceding this certification had one or more public transactions (Federal, State or local) terminated for cause or default; and
- e) If I become aware of any information contradicting the statements of paragraphs a. through d. above, I will promptly provide any necessary information to the Wisconsin Department of Transportation.

Applicability: This certification applies to Department of Transportation assisted contracts, and to Federal Transit Administration recipients of at least \$250,000 in capital and operating funds, or \$100,000 in FTA planning funds. This form is identical for both the IFB and RFP procurement methods.

Summary Description: The procuring agency and its contractors use this form to certify that they will not discriminate on the basis of race, color, national origin, religion, sex, age or physical handicap in awarding a contract, and that they will take reasonable and necessary steps to ensure that Disadvantaged Business Enterprises as defined in 49 CFR Part 23 will have the opportunity to participate in the performance of Federal contracts.

What To Do With This Form: The procuring agency and contractors will document compliance with this program, and keep records in their files for each procurement. Contractors must submit to the Federal Transit Administration a statement of its goals around the DBE provisions, and the DBE policies of any sub-contractors it may use.
